

Personalize
your

wedding
Day

Your wedding day is a time to make memories that you can cherish for the rest of your life.

At S.W Connoisseur Wine we want to help you make your day just that much more special.

“All Wines are made with Reverse Osmosis Water.”

With your own personalized bottles of wine you can toast your guests, family and friends for helping to share in your special day.

Each kit makes 30 - 750ml. bottles of wine. That gives you 29 for the tables and 1 to put away for a special occasion.

Remember...
Wine & marriages
get better with
age.

Give us a call or stop in so we can set up an appointment for you to select your choice of wine.

“No one makes it better,”
than you
